Subject: Letter of Recommendation – DT-TT Festival 2025

Dear Organizing Committee,

Academia de Științe Tehnice din România is delighted to express our keen interest in attending and supporting the Technological Transfer Festival, "Digital Transformation of Manufacturing and Products, based on Technology Transfer (DT-TT)," scheduled to take place in Brașov in 2025. We recognize the important role that digital transformation plays in revolutionizing the manufacturing industry and shaping the future of product development.

The DT-TT Festival represents a premier opportunity to engage with thought leaders, explore breakthrough innovations, and forge collaborations.

Academia de Științe Tehnice din România deeply committed to technological advancement, we believe our active participation in the festival will enable us to achieve the following strategic objectives:

- **Deepen Our Understanding of Digital Transformation Trends:** We aim to engage with presentations, roundtable discussions, and expert panels that focus on cutting-edge technologies.
- **Explore Innovative Solutions and Tools:** The festival will serve as an ideal venue for us to explore state-of-the-art technological solutions.
- **Forge Strategic Collaborations and Partnerships:** One of our key objectives is to foster strategic alliances with technology developers, academic institutions, and research organizations.
- **Support Regional and Global Innovation Ecosystems:** We fully support the DT-TT Festival's mission to foster technological growth within Brașov and the broader region.

We commend the Center of Valorization and Transfer of Competencies and Transilvania University of Brașov for organizing this impactful event, which we believe will serve as a catalyst for accelerating digital transformation in the manufacturing sector.

We are confident that the DT-TT Festival will create significant value for participants and contribute to advancing technological innovation both regionally and globally.

Sincerely

President of ASTR

Prof. univ. em. dr. ing. Valeriu V. Jinescu
